

UC Workshop on AG

Questions in algebraic geometry

Facultad de Matematicas, PUC Chile
December 3-4, 2015

The main goal is to promote interaction among researchers in algebraic geometry in an informal setting. We hope that the workshop will serve to identify research questions of interest to the participants, and also to encourage future collaborations among them.

Talks:

Michela Artebani (U. Concepción)
Robert Auffarth (U. Chile)
Indranil Biswas (TIFR)
Elizabeth Gasparim (U.C. del Norte)
María del Rosario González-Dorrego (UAM)
Stephen Griffeth (U. Talca)
Antonio Laface (U. Concepción)
Maximiliano Leyton (U. Talca)
Ricardo Menares (U.C. Valparaiso)
Anita Rojas (U. Chile)
Mark Spivakovsky (U. Paul Sabatier)
Giancarlo Urzúa (U.C. Chile)

Organizers:

Sukhendū Mehrotra - Giancarlo Urzúa
